In 2015, the Academy sponsored a very successful employment exchange/forum with over thirteen prospective employers and approximately three hundred visitors participating. Job seekers included the graduating classes of several major forensic science degree programs.

The AAFS Forensic Science Employment Forum is:

- A free event open to all registered meeting attendees.
- An opportunity to meet employers, and for them to meet you.
- An opportunity to make personal contacts and distribute resumes.
- A means to assess the job market in your discipline.

Employers: there is no fee to participate. For information, or to register and ensure available table/booth space for your program/agency, complete the form and return it to Heather Jefferson at hjefferson@aafs.org or fax to (719) 636-1993.
